Syllabus Guide

This guide offers example topics of information to include in a syllabus, as well as questions to support you as you develop its content. Please tweak and adjust as you see fit!

Course Description:
> How long is your course term?
> Does your course offer any credits? If so, how many?
> How are you supplementing your curriculum with the Four Pillars? Will you use student-centered learning through experiential learning, including the YE activities and project-based learning?
  - **NOTE:** The Four Pillars lay the foundation of any YE program. Consider how you can weave these into a student's day-to-day experience.
> Will you focus on other content such as Culturally Responsive Teaching and Social Emotional Learning?
> Which capstone have you chosen for students to work toward?

Prerequisites:
> Are any pre-requisites required?

Objectives:
> What information is needed from your school's administration?
> What information is needed as it relates to your school's state standards?

Resources and Tools:
> Which EdTech tools will students need to access?
> Will students need to access any reading materials?
> If teaching a blended or virtual only course, which virtual group meeting platform are you using?

Course Outline:
> Provide an overview of what students will learn over the course of your program.
> Which projects and activities lead to the capstone?
> What project deliverables will be required of students? Are there deadlines to share?
